Dr. Karamjit Kaur (University of South Australia)

Luke Wallace (Independent Project Analysis, Inc.)

Open Industrial Interoperability Ecosystem (OIIE) Capital Project Working Group Purpose

This working group will meet **monthly** to help **align the efforts of owner companies**; engineering, procurement, and construction (EPC) firms; industry standardization organizations (e.g., IOGP/CIFHOS, ISA, MIMOSA) and international standards organizations (ISO, IEC, etc.).

All participants will work together to set the owner/EPC firm priorities for **interoperability** solution delivery to enable pragmatic industry digital transformation on a timely basis.
